

# Bourne Stormers Model Club

ISSUE 103

APRIL 2018

April is upon us and we have finally left Winter behind, to be replaced by April showers and, if we're lucky, a little sunshine. As time is rolling by, here's a little reminder about the Club Spring BBQ on Sunday 27th May. This is also the day of the Club Single Type Model Competition so get those Hot Dawg builds finished (or started and then finished) and think of some events to fly them in. Some suggestions so far include a five lap timed pylon race (only one aircraft at a time), spot landing and maybe a climb and glide.

Those that have been along South Fen Road recently may have realised that it appears to be sinking even more than usual. This has not gone unnoticed and on Jan 5th Kate Hemingway reported on it for the ITV News as 'The worst road in Britain' in addition to The Sun nicknaming it 'The Gauntlet'. As a result there may be some work carried out on it from the 16th and this may include closing the road for a few days. I'd like to be more specific but that's all I've been able to find out.

There's not been much to take pictures of this month, but I got to the Field on Good Friday with a car full of models that needed an airing and was pleasantly surprised by some good weather, so I got my camera out.

Good Friday at the Field.

Cloudy but the light breeze was straight down the field.

For the Spotlight Model this month Jon Cole has sent in 'before and after' pictures of his Limbo Dancer and written the words as well - Thanks Jon.

'I got the Limbo Dancer from Micheal before he left as a back up as I appear to have an affinity with trees. It arrived in a poor state but what do you expect for £15. A complete strip down and a new rear end set up, electrics and covering and it's ready to go. All I need to do now is to

finish my training and pass my test. The power unit is a Quantum 40 with a four cell.'

Jon also sent me a short follow up e-mail to say that the first picture (with airframes everywhere) was taken in Micheal's garage. not his.

Finally we would like to welcome Roger, who has recently moved into the area and joined us at the Club meeting.
